Welcome to the 'Pine Bush UFO Fair and Parade' in the Town of Crawford!

It's my privilege to serve as Town Supervisor. On behalf of the entire Town Board, we're very happy to serve as hosts of this fun, family-friendly event!

It has been an exciting couple of years!

The new Senior Community Center, (located next to the Town of Crawford Government Building) has provided a new, safe, one level, efficient building in which to conduct business and social meetings for our seniors. In addition, the space can be rented out for social occasions, and that income will help to support the costs of maintenance.

We listened to input from residents and business owners, and utilizing that information compiled and developed a Community Development Plan. You may have noticed the improvements and upgrades made to the 'Crawford Commons' shopping area and parking lot located behind the Village Center in Pine Bush. The enhancement project supports walking traffic and the shopping experience in the historic Main Street business district.

Last year, grant funding helped us to secure the addition of new restroom facilities in the back of 'Tessi Chessari Memorial Park', off of Alice Court where local children play soccer and lacrosse, and the Town's annual Relay for Life Event is hosted. In addition, brand new Pickleball Courts have been added as a feature at the Town Park on Red Mills Road.

If you're thinking of relocating your family or business to this wonderful, community minded place, please give us a call anytime!

Enjoy the fun today and we hope that you'll come back again soon.

Sincerely,

Charles E. Carnes;

Supervisor; Town of Crawford (845) 744-5010

One Man's Survival after a Terrifying Journey

TRAVIS

The True Story of Travis Walton

TRAVISWALTONTHEMOVIE.COM

'TRAVIS' – The True Story of Travis Walton sheds light on 1975 UFO Abduction

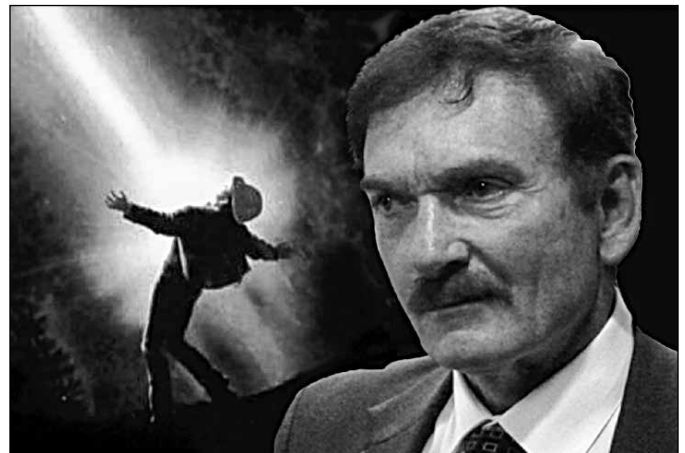

One of the most significant UFO events in history—the 1975 UFO abduction of Travis Walton – comes to life in TRAVIS, a new documentary film, about one man's five-day absence after a mysterious beam of light strikes him unconscious igniting an international firestorm of controversy. Travis Walton's story was fictionalized in Paramount Pictures' 1993 theatrical release of "Fire in the Sky." Executive director/producer Jennifer W. Stein insists the true account was begging to be told.

The new (2016) director's cut of "TRAVIS" will screen on Friday evening, May 19, 2017 at Home 2 Suites, 600 Route 211 East, Middletown, NY 10941 in conjunction with the '7th Annual Pine Bush UFO Fair' weekend. Tickets for the film will be available at the door.

Follow the five loggers as they reunite after 40 years to share how this event changed them as others tried to crush this story. The award-winning film combines new and archived interviews with the crew members, police and the polygraph examiner. UFO experts explain why this story continues to astound investigators as they search for reliable evidence of other worlds, other beings, and more advanced technologies.

Travis Walton and Jennifer Stein will be on hand to take questions following the screening.

To view the trailer, please visit pinebushufofair.com.

SPECIAL SCREENING: Director's Cut: TRAVIS

Friday, May 19 • 7 p.m.

\$10/person (Q&A following the Screening with Producers & Travis Walton)

Home2 Suites, 600 Route 211 East, Middletown, NY 10941

Tickets for the film will be available at the door.

Meet the UFO speakers

Daytime lectures at the Speaker Tent

Linda Zimmermann
11 am -45 min plus 15 minutes Q & A.

Linda Zimmermann is an author and paranormal researcher. While investigating UFOs in New York's Hudson Valley, many people shared with her their

UFO experiences. She decided to investigate and found that not only is the area abundant in ghost sightings but also in reports of UFOs. She has found so much material that she has written two books on UFOs in the Hudson Valley.

Linda wasn't always focused on the paranormal, she earned a B.S. in Chemistry and a Master's in English. She is now the author of 30 books and a popular speaker. Her first book on Hudson Valley UFO sightings was made into an award winning documentary.

Dr. Bill Wiand

12 pm - 45 min plus 15 minutes Q & A.

Dr. Bill has been an 'experimenter' all his life and he lives with the UFO phenomenon every day. He grew up on the banks of the Hudson River in Peekskill and saw strange lights in the sky, on land and in the water. While living in Rockland County he witnessed more sightings.

When Bill moved to Walker Valley in 1985, he hadn't heard about the long history of the area - but soon after became painfully aware when the local UFOs

(United Friends Observer Society) support group was formed in 1993 by the late Max Lay and her daughter Dawn. Bill joined the group in 1994 and soon became part of the branch off group that supported those who felt they had experienced abductions and/or physical contact with aliens. The

support group regularly draws people from the five counties here in NY as well as from neighboring states.

Bill's training and education led him to end up, not only the facilitator of the main group in 2000, but as a counselor & therapist to further assist those looking for assistance. As a gifted intuitive, he is able to provide insight and answers for those who have questions.

Nate Rosenblum

1 pm - 45 min plus 15 minutes Q & A.

Dr. Nathan Rosenblum has a Ph.D. in Metaphysical Philosophy, is an ordained interfaith minister, a Ceremonial Magician, and a Theosophist. He lives in Upstate New York where he regularly lectures and

teaches courses on a wide variety of esoteric topics.

A longtime student of mysticism and the occult, Dr. Rosenblum integrates a wide variety of spiritual concepts and information into his programs covering cultures and religious movements throughout the world as well as information relating to hidden influences in society.

He is also an author of both fiction and non-fiction pieces and a poet. The emphasis of his work is to demonstrate the interconnections between ideas and show how these can form a synthesis, spiritually uniting people.

Travis Walton

2 pm - 15 Minute briefing on tonight's conference.

Travis Walton's terrifying account is the stuff movies are made from.. LITERALLY! He joins us at the 'Pine Bush UFO Fair and Conference' to talk about that day 40 years ago, when the then 22-year-old logger says he was knocked unconscious, and woke up to find he was surrounded by ETs aboard their ship. One of the most prolific abduction cases in the history of ufology, his disappearance caused a whirlwind of news reports, controversy, and skepticism. For his entire adult life,

Walton has been carrying this emotional burden and the telling of his story has been, for the most part, a solo journey.

Recently, eye witnesses, came forward to speak with Walton about the incident. Hearing their stories has educated Walton about what

they experienced during his abduction, and since then he has also connected with others who have shared similar stories.

The truth as to why this happened to Walton will probably never be known for sure. But he continues to press on and uses his new conviction surrounding the incident to broaden his philosophy on life and society.

Marc D'Antonio

2:15 pm - 15 Minute briefing on tonight's conference.

Marc D'Antonio has a degree in Astronomy and is the Mutual UFO Network's (MUFON) Chief Photo/Video Analyst. He is CEO of FX Models, a model making and special effects company specializing in digital/physical models, and organic special effects in the film industry. He has done extensive work in the Film and Television Arena appearing regularly on a number of networks.

and perhaps life itself.

Kate Thorvaldsen

2:30 pm - 15 Minute briefing on tonight's conference.

establish the presence of at least twenty-five anomalous, symmetrically placed implants in her body, all close enough to the surface that magnets stick to them. Her skull also bears strong similarities to the so-called stargirl skull.

Marc is currently authoring a book on Exoplanets tentatively titled "The Populated Universe" which details the scientific search for extraterrestrial life and explores what he believes is the predisposition of the Universe to the creation of the building blocks of life

Kate is not a researcher or investigator, but a multimedia artist and public speaker. She has been a guest on an assortment of radio and tv shows. She appears in the 2000 Norwegian documentary film "Looking for the Stars," and is close to completing her first book, "A Hybrids Story." Her second book is on the subject of theoretical astrophysics. Kate Thorvaldsen is proud to be a speaker at the 2017 Pine Bush UFO Fair and Conference, her first ever in America.

Peter Robbins

2:45 pm - 15 Minute briefing on tonight's conference.

Peter Robbins is an investigative writer specializing in the subject of UFOs. He has more than thirty-five years' experience as

a writer, researcher, investigator, lecturer and author. A regular fixture on radio shows in the US and in the UK, he has appeared as a guest on and been consultant to numerous TV programs and documentaries.

He is co-author (along with Larry Warren) of the British best seller Left at East Gate: A First-Hand Account of the Rendlesham Forest UFO Incident, Its Cover-Up and Investigation. He is the author of Deliberate Deception: A Case of Disinformation in the UFO Research Community, and Halt In Woodbridge: An Air Force Colonel's Thirty-Year Fight To Silence An Authentic UFO Whistle-Blower.

Since before the Revolutionary War, the Beekman Arms has served as the center of gracious hospitality in the scenic Hudson Valley. Just a few doors away from the original Inn, the Delamater House allows you to enjoy the charm and style of a country manor.

Great conferences and group events - The business conference center can accommodate up to 40 clients. Customized hot breakfasts, lunches, break food and box lunches can be delivered as ordered. Businesses have the advantage of reserving hotel rooms for out-of-town clients.

Our private Beekman Room can accommodate up to 25 guests for dinners, small meetings, showers etc. For larger functions our newly renovated Wayfarer Room is available.
